

PROFESSIONAL SUMMARY

Humanitarian supply chain leader with 18+ years of progressive experience across procurement, logistics, warehousing, fleet, and ERP systems management in complex, high-risk field operations. Currently coordinating Area Office logistics for the Norwegian Refugee Council in Cox's Bazar, supporting the Rohingya refugee response. Proven track record managing multi-million-dollar, multi-project portfolios (including a USD 54 million / 25-project portfolio with World Vision), leading international procurement and high-value tenders, coordinating freight, customs, and importation processes with international suppliers and transporters, and ensuring donor and regulatory compliance across NORAD, FCDO, SIDA, DFAT, USAID, and ECHO-funded programs. Skilled in ERP system administration (Agresso Unit4, Coupa, Microsoft Dynamics AX), team leadership, and capacity building across decentralized, multicultural operations.

CORE COMPETENCIES

Medical Logistics • Supply Chain & Procurement Management • International Freight, Customs & Importation Coordination • ERP Systems (Agresso Unit4, Coupa, MS Dynamics AX, Oddo) • Stock & Warehouse Management (WMS) • High-Value Tender & Contract Management (TMS)• Donor & Regulatory Compliance (NORAD, FCDO, SIDA, DFAT, USAID, ECHO) • Team Leadership & Capacity Building • Government & Stakeholder Liaison • Emergency Response Logistics • SOP Development & Audit Readiness

SKILLS

Strategic Sourcing & Procurement Management: Supplier sourcing, market analysis, tender management, contract negotiation, supplier relationship management, and framework agreement administration.

Supply Chain Planning: Demand forecasting, procurement planning, inventory management, category management, risk assessment, and supply chain optimization.

Logistics Operations: Fleet management, warehouse management, stock control, asset management, transportation coordination, international freight, customs clearance, and importation processes.

Compliance & Risk Management: Ensuring adherence to donor regulations and organizational policies, including requirements from NORAD, FCDO, SIDA, DFAT, USAID, and ECHO.

ERP & Systems Management: Proficient in Agresso Unit4, Coupa, Microsoft Dynamics AX, and other supply chain management systems for procurement, reporting, and operational tracking.

Leadership & Team Management: Supervising teams, building staff capacity, performance management, cross-functional coordination, and stakeholder engagement. I currently supervise a team of 12 personnel.

Data Analysis & Reporting: Strong skills in Microsoft Excel, KPI monitoring, spend analysis, supplier performance evaluation, and management reporting.

PROFESSIONAL EXPERIENCE

Logistics Coordinator Bangladesh (Supply Chain Coordinator) — *Norwegian Refugee Council*

January 2024 – Present | Cox's Bazar, Bangladesh

- Coordinate procurement, fleet, warehouse, and market operations for the NRC Bangladesh Area Office, covering Cox's Bazar, Ukhiya Office, and refugee camp/host community locations.
- Ensure all Area Office procurements — including high-value tender processes — are conducted in a timely, compliant manner per NRC and donor regulations.
- Lead office logistics systems setup and compliance, producing accurate, timely donor and internal logistics reporting.
- Oversee physical stock counts and asset verification, providing analysis and corrective guidance on discrepancies.
- Build staff capacity through coaching, mentoring, and cross-departmental coordination between programme and support teams.

Senior Manager, Operations (Procurement, Logistics, Admin, Fleet & IT) — *Food for the Hungry, Inc.*

January 2023 – December 2023 | Bangladesh

- Led and supervised the Joint Refugee Response Programs (5 primary health facilities) Procurement & Logistics, field operations, and IT team, with oversight of procurement, fleet, IT, government liaison, contracts, and facilities management.
- Identified operational gaps and developed SOPs, methodologies, and tools to strengthen procurement, logistics, IT, and field operations execution.
- Ensured full alignment of Logistics, IT, and field operations policy with donor compliance requirements; supported cross-departmental risk identification and mitigation.
- Maintained accurate operations reporting and internal control systems, advising leadership on operational decision-making.

Procurement & Logistics Manager — *Food for the Hungry, Inc.*

October 2022 – December 2022 | Cox's Bazar, Bangladesh

- Directed timely procurement and delivery of medical supplies and equipment for 5 health facilities in the Rohingya camps under an emergency response operation, including cold-chain and commodity handling.
- Managed procurement processes with international suppliers, transporters, freight forwarders, and customs brokers to guarantee on-time delivery.
- Collaborated with program teams to develop procurement strategy and priorities across multiple projects; managed safe, cost-effective vehicle operations.

Supply Chain Manager — *World Vision International*

June 2021 – June 2022 | Bangladesh

- Led the Bangladesh Refugee Crisis Response Supply Chain operation, managing a USD 54 million portfolio across 25 projects.
- Achieved 100% compliance with organizational and donor requirements across procurement, warehousing, inventory, and asset management by strengthening internal controls.
- Streamlined procurement and logistics workflows, improving accountability and reducing operational risk and delivery times to field locations.
- Standardized warehouse and asset management procedures, improving inventory accuracy and minimizing losses.

Director, Supply Chain Management — *World Vision International*

February 2020 – May 2021 | Bangladesh

- Led the Bangladesh Refugee Crisis Response Supply Chain team (USD 54 million across ~25 projects).

- Ensured Supply Chain policies and procedures complied with organizational and funding-source requirements across procurement, warehousing, inventory, and logistics management.
- Aligned Country Supply Chain strategy with the Bangladesh Strategy Action Plan.

Senior Manager, Supply Chain — *World Vision International*

December 2015 – January 2020 | Bangladesh

- Led the National Supply Chain Management team, overseeing planning, strategic sourcing, category management, supplier relationship management, contract management, and risk management.
- Developed the organization's Supply Chain Management strategy and annual work plans in consultation with key stakeholders.
- Set performance objectives and led human resource management for the Supply Chain Management unit.

Senior Manager, Corporate Services — *World Vision International — Khulna*

November 2014 – December 2015 | Bangladesh

- Provided strategic leadership across Finance, Supply Chain, Administration, IT, and Human Resources, ensuring full alignment with organizational policy and donor requirements.
- Strengthened internal controls, risk management, and audit readiness across all corporate service departments.
- Liaised with government agencies, vendors, and partners on operational matters; led annual planning and budgeting for support service units.

Divisional Supply Chain Management Coordinator — *World Vision International — Khulna*

March 2013 – October 2014 | Bangladesh

- Led procurement activities and developed sourcing strategies, ensuring transparency and compliance with organizational and donor policy.
- Oversaw logistics, fleet, and warehouse operations, ensuring stock accuracy through regular reconciliation and inventory control.

Finance Officer / Accountant — *World Vision International — Khulna & Barisal*

January 2006 – February 2013 | Bangladesh

- Managed field-level accounting and financial administration functions supporting programme operations.
